## T H E P R E S I D E N T ' S C O R N E R

### *The President's Corner*

*Spring is arriving fast, and hopefully, we'll all be back enjoying our lake for another great season.*

*We have two openings for board positions up fore election this year. If you think you'd like being a part of the board, this is your opportunity. If you are interested, please have a 50 word or less resume to Carol in the office by early May.*

*I have the opportunity to listen to the comments, complaints, and praise from a wide variety of our residents. Here are some of the things I've heard, along with the comments from the board, (including myself).*

*Fewer dogs were brought to the sandbar, and in my observation all were on leashes. I'm a dog lover too, but we have to recognize that that feeling is not shared by everyone. Thank you for cooperating!*

*After a few misunderstandings, it now appears that everyone now knows that only grass and leaves belong in the yard waste area. These turn to compost and will be usable for fertilizing and planting. Some of that compost will help in planting the newly restructured hill beside and in front of the clubhouse, which was made using donated soil.*

*As always, our activities committee is in need of folks who would like to be involved. Poker runs, dances, and all the other activities take planning and preparation. If you help you meet more people and have a lot of fun in the process. All you have to do to be part of the committee is show up. Contact me, tell any board member, or leave a message in the office with your contact information. If you have suggestions about meeting times, events, etc. we want you! If you are a week-end owner, let us know, and we'll try to schedule convenient meeting times*

*Last year's goose round-up included 126 who were moved to Red Bridge Game Preserve, northwest of Cadillac on the Manistee River. If you want these round-ups to continue after this year you must sign the petition that will come in the same envelope with your annual dues in June.*

*Just a few reminders—Our roads are not very wide*

*Pedestrians should always walk against the traffic, bicyclists ride with traffic.*

## WELCOME TO THE LAKE!

Wow, so many new people have bought a home or vacant land here. According our records, over 30 new land owners purchased property from January 1, 2014 through March 1, 2015. We wish we could list everyone however we don't want to miss anyone by mistake.

Even if you are only part-time please make some or all events so you can be introduced. Friday morning coffee hour and pot luck Wednesdays is a great venue for socializing.

There is a Men's Committee and Activities Committee for you to attend. You do not have to be present at all meetings and come when you can arrange time.

The monthly board meetings held the 3rd Saturday of the month from March to October at 9:00am is a good way to hear the happenings and upcoming events. Members can ask questions at the end of the meeting or just simply introduce you.

Check out the West Branch Chamber of Commerce website for upcoming local activities or stop in their office for a calendar of events.

Enjoy your new home or property here at Lake Ogemaw!

**PICK UP A MEMBERSHIP CARD IN THE OFFICE IF YOU DON'T ALREADY HAVE ONE**

You have probably heard of DUI, but you may have never heard of BUI (boating under the influence).

Michigan now has a new law laws designed to discourage drunk individuals from driving boats and other watercraft, snowmobiles or off-road vehicles. The law reduced the maximum blood alcohol content level for those operators from .10 to .08, matching the current limit for automobiles.

**Ogemaw County** is said to be named after the Chippewa Indian Word for "chief" or "Boss". In Chippewa that word is pronounced " OgeMa " some people take this a step further and say the county was named after a prominent Saginaw Valley Indian Chief, named "Ogemaw- ki-keto ".

When the settlers first arrived near Ogemaw Springs in 1875 they set up a lumber mill and the county was organized. The county seat is West Branch located at the junction of M-55 and M-30 which is also the largest city in the county (2003). This town was named because of its location on the west branch of the Rifle River and West Branch began as a result of the railroads building a line through the area to transport lumber from the mill in Ogemaw Springs.
